President's Message
Bill Nolan

Willcox is a great city for the arts. When you consider the size of our community, it is truly amazing how much goes on here. I would venture to say that very few communities anywhere near our size can boast such an active array of the various arts. Tonight Sara and I attended a wonderful, live performance of the Manhattan Dolls at the Willcox Historic Theater. Besides events like this one, our local theater shows first run films, and film is now often considered one of the fine arts. The strings program at our High School and Middle School is also wonderful. Our local college offers painting, photography, film, and music classes.

Let's not forget our own group. The Willcox Art League is very active. We put on three shows a year, and the Miniature Show is going on right now at the Chamber of Commerce/Visitor's Center building. In addition to our shows, we support lots of other art-related activities in our community, from sidewalk chalk painting to field trips for young, local art students. This is a good opportunity for us to pat ourselves on the back. Good job, artists!

Sara membership or bring it to the meeting. Also, we can always use some fresh members, so if you Nolan wants to remind everybody to be sure to either send in your know of anyone who might be interested, bring them along. See you all on Wednesday.

Because of the month-long Miniature Show, The Art League will not have an Artist of the Month for February.

The Sulphur Springs Valley 17th International Miniature and Small Works Art Show will be held in Willcox on February 4th - 28th, 2014.

Hours: Monday - Saturday: 9 a.m. - 5 p.m. and Sundays - 1 p.m. to 5 p.m.

Sponsored by: The Art League of Willcox and The Willcox Chamber of Commerce and Agriculture.

Christine Blom (Kiki) will do a demonstration of the Giclée printing process at the February meeting. This process is used to print an image in true colors onto paper, canvas, tile, etc., using a special printer and inks. These images can last up to 25 years and can be applicable to printing note paper, tiles and other products

FOOD FOR THOUGHT: Many of our members cannot make attend our noon luncheon meetings so think about the possibility of scheduling an occasional meeting in the late afternoon, evening or, perhaps, on a weekend- maybe a Sunday afternoon. We will discuss this topic at the meeting.

Don't forget to check out our neighboring art organizations:
